

IMMUNOCAN network announces the launch of the IMMUNOCAN Young Investigator Award 2013. Recognize and reward early career scientists for research excellence and potential on immunology and oncology.

Eligibility:

Nominees must be a PhD student or a post-doctorate (before completion of the postdoctoral research training) in the fields of immunology and oncology working currently in Europe or in People's Republic of China.

Award:

A cash prize (2000 euros maximum) to support travel to the 2013 International Experts Seminary on Immune Prognosis Biomarkers in Oncology (Shanghai, September 6th-7th 2013) where the awards are presented. Up to four awards may be presented in 2013.

Deadline:

May 10th 2013

Applications:

Scientific excellence is the first and main criteria for positive selection.

The descriptive document should not exceed 3 pages and should be structured as following:

1. Information on the participants involved in the project
 - a. Information on the nominee applying for the award (curriculum vitae, email...)
 - b. Information on the Principal Investigator / Coordinator (if different)
 - c. Information on the laboratory of the nominee (location, main area of research, team...)
 - d. Publications of the laboratory
2. Description of the project
 - a. Title of the project
 - b. Keywords (maximum 10)
 - c. State of the art
 - d. Methodologies required
 - e. Preliminary results
 - f. Ethical issues if applicable
 - g. Application of Public Health
